Five
AREAS OF FOCUS

One

TEACHING AND LEARNING

Green Lake School District's approaches to teaching and learning are grounded in the belief that learning how to learn is fundamental to a student's life in and out of the school context.

A young man with dark, curly hair, wearing a dark suit jacket, white shirt, and dark tie, is looking back over his right shoulder. He is standing on a city street at night. In the background, a large, illuminated domed building, likely a state capitol, is visible against a dark blue sky. Streetlights and traffic lights are also visible, creating a blurred background effect.

wo HEALTH AND WELLNESS OF STUDENTS & STAFF

Green Lake School District is committed to fostering and maintaining a culture and environment that supports a balanced and healthy lifestyle. We believe in the importance of intellectual, physical, and emotional balance to achieve personal well-being for ourselves and others.
