Attendance

Importance: Success in school depends on several factors, but the prime factor is regular attendance. This good habit carries over into our jobs long after we leave high school. Careful consideration should be given by both parent and student before a loss of school time is incurred for reasons that are not serious or in the nature of an emergency.

Responsibilities: Wisconsin State Statutes 118.15 & 118.16 call for compulsory school attendance for any child between 5 and 18 years of age. Moreover, it places responsibility for attendance during the full period and hours the school is in session" with each student and parent/guardian. Whenever it is necessary for a student to be absent, the parent or guardian must notify the school office before 9:30 a.m. on the day of the absence to inform the school of the absence and the reason. **Written notes, e-mails or calls from parent/guardian(s) on the following day will not be accepted.** There is 24-hour telephone access for reporting absences. The number to call is **920-294-6411 ext 1125.**

Excused Absences: An absence is excused when a student misses school because of illness, death, or serious illness in the family, serious injury or major religious holiday as defined in State Statute 118.15 and for which the school has been notified. Normally, the student will have two days to turn in make up work for each day absent; however, long term illnesses or numerous individual absences will be decided on a case by case basis. The Board of Education requires all students with excused absences to complete missed work. The Principal may ask for a doctor's excuse for any student who has more than 8 excused absences per semester.

Pre-excused Absence: A parent/guardian may excuse a student for up to ten (10) days during a school year for any reason if the request is made in writing and at least 24 hours in advance of the absence [118.15 (3)]. In addition to the above pre-excused

absences, the administration may classify absences acceptable and excused for vacations with parents/guardians or parent substitutes, or trips to visit colleges. Requests for these absences must be submitted in writing to the office prior to the absence for them to be excused. **Students are required to complete a pre-excused absence form from the main office prior to a pre-excused absence being approved.** Students are encouraged to make a reasonable attempt to complete any assigned work prior to leaving. It is recommended that the student and teacher set an appropriate timeline for completion of missed assignments and tests. A student may have no more than one day for each day missed to make up any missing work.

Appointments: Doctor, dentist, other health care professionals or driver examination appointments are excused with prior written notification from the parent or a note from the doctor. Though it is encouraged that appointments be made after school or on days off, we realize it is not always possible. Court appearances are also excused upon verification of attendance by an officer of the court. **Students are required to complete a pre-excused absence form from the main office prior to an appointment (pre-excused absence) being approved.**

Homework Requests: Can be made by calling the school office before 9:00 a.m. for pick up that day. Homework assignments may be available on individual teacher websites. Students are responsible for previously announced assignments and tests on the scheduled day. Extended illnesses will require written notification from a doctor or other health care professional and a request from the parent/guardian for homework. All teachers will be informed as to when the student will return and the ability of the student to complete assignments

Unexcused Absences: All absences for part or all of one or more days with or without parental permission for reasons other than those stated above will be considered unacceptable. (BOE 6210)

Truancy: (Unexcused Absences) Any absence from school for all or part of a day without parent/guardian(s) and principal's permission or leaving the assigned instructional area without permission will be considered unexcused. Truancy from school is defined as any period of unexcused absence from class for 10 or more minutes. When a student is truant, the following procedure will be followed: 1st Offense – The student will have a conference with the principal. Written and verbal notification to parent/guardian(s).

2nd and all subsequent offenses – The student will have a conference with the principal. Detention time will be assigned. Written and verbal notification to parent/guardian(s).

Any student who is unexcused all or part of five (5) days within a semester will be considered a "Habitual Truant". According to Wisconsin State Statute 118.16, students are required to attend school. Students who have unexcused absences part or all of any five (5) days out of ten (10) or who have unexcused absences part or all of ten (10) days in any semester are considered habitual truants. These students will be dealt with in the following manner:

1. First Offense: Parent or guardian will be notified by certified mail and student will be required to make up time missed.

2. Second Offense: Parent or guardian will be notified by certified mail of the truancy and a conference with the parent/guardian and student will be requested. The parent/guardian and the student will be advised of the state statutes and county ordinances regarding habitual truancy and the referral process to the District Attorney and Social Services. The student will be referred to the School Counselor and alternative programs and program modification will be reviewed. The student will be required to make up the time missed.

3. Third Offense: Parent or guardian will be notified by certified mail of the truancy and a conference with the parent/guardian and student will be requested. The student will be referred to the authorities at this time using the referral form recommended by the County Truancy Committee. The student will be required to make up the time missed.

Any further offenses will be dealt with according to number three above.

Leaving School During the Day: No student may leave the school grounds during the school day without first securing a permission slip from the office. Leaving school without notifying the office will result in unexcused absences for the time missed.

Tardiness: Students are expected to be on time for class with correct materials and ready to begin work. A student is considered tardy if they are not in the room to which regularly assigned when the bell rings. Being late more than 10 minutes, without a pass from a staff member, is considered an absence and a student is then required to receive a pass from the office. **All students reporting late to 1st & 6th hours must receive a pass from the office.** If an absence is unexcused, it is considered truancy. If a student leaves a class without permission of the teacher, it is also considered truancy; both are subject to state law and school rules. Students will be allowed two unexcused tardies per quarter. The third tardy and all subsequent tardies will result in an office detention issued by the office for the remainder of the nine weeks. Individual teachers may have stricter policies.

Absence and Extracurricular Participation: A student must meet school and DPI requirements defining a full-time student. A student must be in attendance at all times during the school day in order that he or she may attend or participate in practice or participate in an activity on that day. This includes missing more than 10 minutes per period unexcused (truant). Therefore, the student must be present 1st hour unless they have a pre-excused absence (blue slip). Any deviation from this rule must be approved IN ADVANCE by the administration. Students on school field trips, approved college visits, or with approved appointments may also participate. Students unexcused from school may not attend respective events for the evening of the absence.

Counseling Services: A counselor is available to discuss school problems or other personal concerns. When coming from a class, a pass from the counselor must be obtained first. A counselor can help you with:

1. Personal problems, in and out of school, such as alcohol and other drug abuse, depression, family, friendships, etc.
2. Choosing your high school courses.
3. Planning your career.

4. Planning post high school education and arranging college visits.
5. Gaining information about scholarships and other financial aids.

School Closings: If weather conditions or other emergency situations warrant, parents should check the school website at www.glsd.k12.wi.us. You can also listen to radio stations WISS (102.3FM), WRPN (1600AM), or television stations, WLUK Green Bay, WMTV Madison, WFRV Green Bay, WGBA Green Bay, WBAY Green Bay for information about closings or late starts. **DO NOT CALL RADIO OR TELEVISION STATIONS.**

Telephone: Students will not be called from class unless an emergency arises. Messages from parents can be left and will be forwarded to the student between classes or at the end of the day. **The office phone may be used for emergencies only.**

Breakfast and Lunch: Breakfast and lunch are provided at a reasonable cost in the school cafeteria. High school students may leave campus during the 30 minute lunch period. Students should remember that the period is only 30 minutes long and it is their responsibility to be back to class on time.

Library Media Center: The LMC is open for all students to supplement and enhance classroom learning. It is a place to enjoy the pleasures of reading or for researching topics using books and the Internet. It must be quiet for those students who need to make use of an atmosphere that is conducive for studying or reading. Students who disrupt this atmosphere will be asked to return to their classroom or study hall. (Note: The LMC is closed the last three days of school for a year end inventory. Students will not be permitted in the LMC except to return materials. The computers will not be available during this time.)

Fitness Center: The School District of Green Lake encourages all students, staff and community members to understand the benefits of exercise in maintaining a healthy level of fitness and proper weight for a lifetime. The fitness room and related programs are available to help increase student, staff and community member's positive lifestyle changes as they learn self-discipline, self-motivation and the development of personal responsibility for their own good health.

Fitness Center hours and rules are posted in the fitness room, in the school office, and on the school website www.glsd.k12.wi.us.

Acceptable Use of Technology: The Green Lake School District recognizes that effective performance of computer and telecommunications networks relies upon users adhering to established standards of proper conduct. This regulation defines the responsibilities of Green Lake School District employees and students using network and Internet resources provided by public funds. In general, this requires efficient, ethical, and legal utilization of network resources. If a user violates any of these provisions, his or her access to the school district telecomputing resources may be denied and disciplinary action will be taken.

While the district encourages its staff and students to take full advantage of the resources provided by the district to supplement their educational experience, it is important to remember that use of the district's network resources is a privilege, not a right. This resource, as with any other public resource demands those entrusted with the privilege of its use be accountable.

Use of the district's network resources during school and professional hours must be:

- in support of education and/or research or
- for school business, and
- it must support the mission of the Green Lake School District and
- in accordance with all school board policies.

Use of the district system is limited to educational purposes which include, but are not limited to:

- promoting educational excellence
- resource sharing
- facilitating innovative instruction and communication
- preparing students to live and work in the 21st century by providing them with electronic access to a wide range of information

Students, parents, and staff members are required to read the Acceptable Use of Technology Rules and Regulations Procedure and agree in writing to abide by them prior to the use of school district's technology.

Failure to do so will result in the student receiving a grade calculated with the missing work as not having been turned in. Exceptions must be approved by the principal

Honor Roll: The selection for honor roll is based on the grades a student achieved in the current quarter. Students who have a grade point average (GPA) of 3.75 or above will be recognized as achieving **High Honors**. Students who have a GPA between 3.5 and 3.749 will be recognized as achieving **Honors**. Students who have a GPA between 3.0 and 3.49 will be recognized as achieving **Honorable Mention**.

Senior Privilege: The following are the privileges granted to seniors who meet the requirements, apply for, and are granted Senior Privileges: Students in good standing may leave school one class period per day during their study hall, seniors who have study hall at the beginning of the school day must arrive at school in time to sign in at the

office and be on time for their first class. Seniors who have a study hall at the end of the school day may leave after their last class once they have signed out in the office.

Requirements: Maintain passing grades in all subjects with at least at 2.75 GPA. (Note: the 2nd semester grades from junior year will determine this part of the eligibility for senior privilege.), maintain good discipline record, i.e. not detentions or suspensions, obtain parent/guardian permission on the form provided, observe the guidelines for tardiness and absences found in the Student Handbook.

Loss of Privilege: Loss of Senior Privilege begins on the date that consequences are assigned for the following infractions: Failure to maintain a passing grade in a course or a 2.75 GPA, involvement in a discipline problem that results in suspension from school or that the Administration deems worthy of loss of privilege, arriving to school late three times in a quarter will result in an office detention; upon the fourth time, the privilege is revoked, failure to sign in at the office upon arrival to school results in an immediate 5-week loss of privilege. A second offense will result in a 10-week loss of privilege. Taking a student who does not have senior privileges off campus is not permitted. Parents may rescind permission at any time. Loss of privilege may extend from one month to a full year depending on the circumstances

High School Academic Awards: We urge our students to strive for continued excellence. Academic Awards are awards based on long term accomplishments and are determined by converting semester GPAs throughout the student’s career at Green Lake High School to points in the following manner:

<u>Semester GPA</u>	<u>Points</u>
3.5 – 4.0	3
3.0 – 3.4	2
2.5 – 2.9	1

As a student accumulates these points they become eligible for the following awards:

<u>Award</u>	<u>Points</u>
Certificate	9
Chenille	12
Medal	15
Medallion.....	18

Awards will be given out at Academic Awards Night in May.

Green Lake School Activity Code: The School District of Green Lake is, by its nature, dedicated to academic excellence and growth. The District recognizes that participation in extracurricular activities enhances the educational experience. The requirements to succeed in academics are governed by State law and the criteria set forth by the Board of Education. This policy sets forth the requirements to succeed and participate in extra-curriculars which are governed by the Wisconsin Interscholastic Athletic Association (WIAA), the coaches and advisors of the activities, and the Board of Education. There is a responsibility that comes with this policy, and accepting it, means accepting its rules for the next calendar year.

Student Council: Students are encouraged to participate in student government at the high school and junior high school level by participation in student council. The student council assists with the general school-student problems, activities, and policies, so that

we may have the best school possible. If interested in participating, contact the student council advisor.

National Honor Society: New members to the NHS are chosen annually. To be eligible for membership a student must be a sophomore, junior, or senior. Membership in NHS is based upon excellence in four areas: Scholarship (a 3.3 or higher cumulative grade point average), Leadership (held a position of responsibility in the school or community and/or active membership in two or more school activities), Service (actively involved in school and/or community programs), and Character (no recorded incidents of cheating or dishonesty, no record of knowingly violating school regulations, no record of civil offenses within the community). Each category is judged independently. A faculty selection committee will meet and evaluate each student strictly on the basis of the listed criteria. Candidates will be identified as having either met requirements, needing further evaluation, or not having met requirements. Other faculty members will be contacted regarding information pertaining to those students needing further evaluation.

7th and 8th Grade Academic Honors: The selection for honor roll is based on the grades a student achieved in the current quarter. Students who have a grade point average (GPA) of 3.75 or above will be recognized as achieving **High Honors**. Students who have a GPA between 3.5 and 3.749 will be recognized as achieving **Honors**. Students who have a GPA between 3.0 and 3.49 will be recognized as achieving **Honorable Mention**. Seventh graders who maintain a quarter grade of 3.5 or above grade point for their first three-quarters will receive a pin. Eighth graders who have maintained a 3.5 or above grade point for seven semesters (four in seventh and the first three in eighth) will receive a medal for academic excellence.

Academic Dishonesty: Academic work handed in by a student shall be the sole work of that student. Any form of dishonesty will be dealt with according to the discipline guidelines. Examples of dishonesty include, but are not limited to, any form of cheating, plagiarism, cheat sheets, any copying of work/assignments/tests including electronic files, the sharing of information about assessments or assistance on assessments. In situations where more than one person is involved, all students will be held accountable per the guidelines above. For example, the student providing answers or information to another student about a test will receive the same punishment as the student who uses such information. Plagiarism is taking credit for work that is not the student's own.

General Rules

A school functions more effectively when parents, students, teachers, and administrators work toward the same goals. Disruption of learning by disobedience, violence, or acts contrary to school rules, law or statute will not be tolerated. The individual has a responsibility to behave in a manner that will not interfere with the rights of others. A student's behavior and misbehavior is governed by the school's obligation to parents/guardians, other students, the school, and the larger community. The school administration is directed by the Board of Education to maintain an environment free from distraction and disruption. At the same time, the Board of Education delegates power to the administration to make rules to govern student behavior. This includes the practice of progressive enforcement. The administration specifically reserves the right, on an individual basis, to deviate from the disciplinary action set forth below when in its sole discretion, it is necessary for the proper and efficient operation of the school.

Bus Regulations: Pupils that are provided transportation services by the school district are expected to obey the rules established by the school board for the safety and welfare of all pupils. Unacceptable behavior shall result in disciplinary action by school authorities.

Students must:

1. Plan to be at the bus stop 5 min. before the scheduled pick-up time.
2. Be careful in approaching bus stops; walk on the left toward oncoming traffic.
3. Remain seated at all times while the bus is in motion.
4. Do not extend your head, arms, or hands out of the windows.
5. Help keep the bus clean and sanitary by disposing of trash in the proper container.
6. Refrain from loud talking and unnecessary confusion as this diverts the driver's attention and could cause an accident.
7. Obey the driver.

Students not complying with the above rules may lose their bus riding privileges.

If you have questions or concerns, contact Laper's Bus Service @ 920-346-2689 or the principal.

Articles Prohibited at School/School Functions: Problems arise each year because some students bring articles that are hazardous to the safety of others or interfere in some way with school procedure. Prohibited items include but are not limited to: drug paraphernalia, guns, shells, knives, weapons, chains, fireworks, brass knuckles, toy guns, water pistols, laser pointers, matches or lighters, water balloons, hard balls, or any other item that is perceived as dangerous. They will be confiscated and not returned. Disciplinary action will range from a warning to suspension.

Staff members will confiscate items and contact the student office immediately upon discovery.

Electronic Devices: Unless otherwise allowed by a classroom teacher or administrator, cameras, radios, tape-players of any kind, personal music devices, boom boxes, miniature televisions, electronic games, two-way communication devices such as walkie-talkies, and noise makers are considered to be disturbances and will be taken away from the student. Students may possess cell phones, PDA's, or other items for school and home-related purposes. This privilege, however, will be lost if such items disturb classrooms and the learning process.

Cell Phone Rules (PCD's) for Students in Grades 7-8

In order to avoid disruption of the educational environment and protect students' right of privacy, student use of PCD's is not allowed on school grounds during school hours.

- Students will not be allowed to have their cell phones (PCD's) in the classroom or in the hallways.

- Students will be allowed to have their cell phones (PCD's) in their locker and will be able to use them before and after school hours.

Pride in our Dress/Appearance: The Green Lake School Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual

preference. Dress code guidelines are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes.

Our belief is that:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of discipline.
- Students will do their best to dress in a manner that respects the educational environment and understand that expectations are in place for special performances, activities, or awards that require specific clothing (band uniform, choir apparel, sports uniforms, business attire etc...)
- The district will maintain a safe learning environment in classes where protective or supportive clothing is necessary-science lab, physical education, technical education, art, outdoor education etc..
- The district will ensure that all students are treated equitably regardless of disability, race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body size/type.
- All students and parents should understand that they are responsible for managing the personal dress style/self-expression of the student.
- Teachers should focus on teaching without the additional burden of dress code enforcement.
- Reasons for conflict should be minimized whenever possible.

Basic Rule #1- Certain body parts must be covered for all students at all times

Therefore the Board of Education prohibits the presence on school district property, or on property leased by the school district, any materials or substances that (1) present an immediate danger of physical harm or illness to any person and/or (2) violate the law or any school rules. In order to enforce this prohibition searches of a particular person, place or thing when a school administrator, or the designee of an administrator, has reasonable cause to believe that such a search will

lead to the discovery of anything are authorized, because of its presence, presents an immediate danger of physical harm or illness to any person and/or violates the law or any school rules. School administrators may ask law enforcement personnel to assist with a search. The Board of Education also authorizes random searches of school district property, and/or property leased by the school district, when the school district administrator believes that a random preventive search will be beneficial to maintaining a safe and orderly environment.

Property Rights: The Board of Education retains ownership and possessory control of all pupil lockers and all other storage areas. The school administrators and/or their designees are responsible for control and assignment of all of these lockers and storage areas. Lockers and all other storage areas, even when provided for student use, remain the property of the school district. Students will be assigned one locker for his or her own use and may have other storage areas assigned for his or her use.

It is expected that students will keep their locker and other assigned storage areas clean at all times. Students will be held responsible for any materials they allow other individuals to keep in their lockers or assigned storage areas. The school administrators or their designees have the right to inspect all lockers and storage areas or individual lockers or storage areas at any time without notice, without student consent, and without a search warrant. Searches of Motor Vehicles: School district parking lots are the property of the school district or are located on property leased by the school district and therefore, parking in school parking lots subjects individuals using the parking lots to school district rules and regulations. Vehicles parked in parking lots operated by the school district property may be subject to searches.

Personal Searches: A school administrator, may conduct a limited search of a student's person, purse, backpack, duffel bag, or similar articles if the search is based on a reasonable suspicion that (1) such a search will lead to the discovery of anything which, because of its presence, presents an immediate danger of physical harm or illness to any person and/or (2) violates the law or any school rules. Searches of the person of a student shall be limited to the pockets of the student's clothing, any object in the possession of the student, and/or a "pat down" of the exterior of the student's clothing. A person of the same sex as the student being searched shall conduct the

search of the person of a student in a private room. At least one, but not more than three persons of the same sex as the student being searched, shall witness but not participate in the search. Searches of the person of a student which would require removal of clothing other than a coat, jacket or hat shall not be conducted by school personnel but should be referred to a law enforcement agency. The parent or guardian of any student searched shall be notified of the search as soon as reasonably possible.

Use of Canines: The school district reserves the right to use canines trained for drug detection and detection of explosives or other contraband accompanied by law enforcement officers for purposes of exploratory sniffing of the outside of lockers, vehicles parked in school district parking lots, and any other areas of school property deemed appropriate. This activity will be carried out on a random or periodic basis and/or when reasonable suspicion exists. These searches will be at the discretion of the school district administrator in conjunction with the Principal. Canines will be used when: (1) there is a reasonable suspicion that controlled substances, contraband, or explosives may be hidden in the building, (2) there is a reasonable suspicion that controlled substances, contraband, or explosives, may be hidden in vehicles parked on school property or on property leased by the school district, or (3) there is a belief that a random preventive search will be beneficial to the ongoing drug, contraband, or explosives prevention efforts of the school district. Canine searches may be used without prior notification to students or school personnel. Students will be restricted to classrooms and kept out of hallways while canine searches are being conducted. In the event of a "hit", the locker, vehicle, area, etc. will be searched further using procedures described elsewhere in this policy. Canine assisted random preventive searches will take place in the high school and junior high school sections of the school. Use of canines may also take place in the elementary section of the school if there is reasonable suspicion.

Evidence/Contraband: Anything found in the course of a search conducted in accordance with this policy may be seized and admitted as evidence in any disciplinary hearing. BULLYING POLICY

The Green Lake School District is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The District encourages

the promotion of positive interpersonal relations between members of the school community.

Prohibition

Aggressive behavior/bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The District will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, using school technology or while traveling to or from school and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business.

Definition

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, or physical, mental, emotional or learning disability. It would include, but not be limited to, such behaviors as stalking, **bullying/cyberbullying**, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Procedure for Reporting

Any student that believes he/she has been or is the victim of aggressive/bullying behavior should immediately report the situation to the principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive/bullying behavior directed toward a student. Reports may be made to those identified above.

The School District will respect the privacy of the complainant, the individual(s) against who the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative procedures shall be maintained as confidential to the extent permitted by law.

Confidentiality will be maintained during the investigation process as appropriate and/or legally permitted. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

Procedure for Investigation

All complaints about aggressive/bullying behavior that may violate this policy shall be promptly investigated.

If the investigation finds an instance of aggressive/bullying behavior has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include positive behavioral interventions up to expulsion for students. Possible discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board member may be considered. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

Pupil Retaliation

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Notification

Notice of this policy will be annually circulated and discussed with students, as well as incorporated into the staff and student handbooks. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Education and Training

In support of this policy, the District promotes preventive educational measures to create greater awareness of aggressive behavior, including bullying. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying procedures. All training regarding the Board's policy and procedure on aggressive behaviors and bullying, will be age and content appropriate.

The complaint procedure established by the Superintendent shall be followed.

Additional Definitions

The following are provided for guidance only. If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, he/she should report it and allow the administration to determine the appropriate course of action.

BULLYING is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent (i.e., repeated oppression, physical or psychological, of a less powerful individual by a more powerful individual or group). Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional

abuse), through attacks on the property of another, or a combination of any of these. Some examples of bullying are:

1. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
2. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
3. Psychological-spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
4. “Cyberbullying”- the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others.

The Board recognizes that cyberbullying can be particularly devastating to young people because:

- a. cyberbullies more easily hide behind the anonymity that the Internet provides;
- b. cyberbullies spread their hurtful messages to a very wide audience with remarkable speed;
- c. cyberbullies do not have to own their own actions, as it is usually very difficult to identify cyberbullies because of screen names, so they do not fear being punished for their actions; and
- d. the reflection time that once existed between the planning of a prank-or a serious stunt-and its commission is all but been erased when it comes to cyberbullying activity.

Cyberbullying includes, but is not limited to the following:

- a. Posting slurs or rumors or other disparaging remarks about a student on a website or on weblog;
- b. Sending e-mail or instant messages that are mean or threatening, or so numerous as to drive-up the victim’s cell phone bill;
- c. Using a camera phone to take and send embarrassing photographs of students;
- d. Posting misleading or fake photographs of students on websites.

HARRASSMENT includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature on the basis of age, race, religion, color, national origin, marital status or disability (sexual orientation, physical characteristic, cultural background, socioeconomic status, or geographic location).

INTIMIDATION includes, but is not limited to, any threat or act intended to tamper, substantially damage or interfere with another’s property, cause substantial inconvenience, subject another to offensive physical contact or inflict serious physical injury on the basis of race, color, religion, national origin or sexual orientation.

MENACING includes, but is not limited to, any act intended to place a school employee, student, or third party in fear of imminent serious physical injury.

HARRASSENT, INTIMIDATION, OR BULLYING means any act that substantially interferes with a student's educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, and that has the effect of:

- a. physically harming a student or damaging a student's property;
- b. knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or
- c. creating a hostile educational environment.

STAFF includes all school employees and Board members.

THIRD PARTIES include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

The following procedure shall be used for reporting, investigating and resolving complaints of aggressive behavior and/or bullying.

Complaint Procedure:

Principals and Superintendents have the responsibility for conducting investigations concerning claims of aggressive behavior and/or bullying. The investigator(s) shall be a neutral party having no direct involvement in incident(s) upon which the complaint is based.

Any employee or volunteer who has knowledge of conduct in violation of policy 443.71 shall immediately report his/her concerns.

Any student who or third party has knowledge of conduct in violation of policy 443.71 believes he/she has been a victim of aggressive behavior in violation of policy 443.71 shall immediately report his/her concerns.

Information may be initially presented anonymously. All such information will be reduced to writing and will include the specific nature of the offense and corresponding dates. If the person filing the complaint is an adult, he/she must sign the charge affirming its veracity. If the person filing the complaint is a minor, he/she may either sign the charge or affirm its veracity before one administrator and one other staff member.
2. The administrator/Board official receiving the complaint shall conduct a prompt investigation. Parents will be notified of the nature of any complaint involving

their student. The administrator/Board official will arrange such meetings as may be necessary with all concerned parties within five (5) work days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The administrator/Board official conducting the investigations shall notify the complainant and parents as appropriate, (in writing) when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Superintendent.

3. If the complainant is not satisfied with the decision in number 2, he/she may submit a written appeal to the Superintendent or designee. Such appeal must be filed within ten (10) work days after receipt of the previous decision. The Board shall, within twenty (20) work days, conduct a hearing at which time the complainant shall be given an opportunity to present the complaint. The Board shall provide a written decision to the complainant within two (2) work days following completion of the hearing.

Documentation related to the incident, other than any discipline imposed or remedial action taken, will be maintained in a file separate from the student's education records or the employee's personnel file.

Retaliation/False Charges:

Retaliation against any person who reports, is believed to have reported, or files a complaint, or otherwise participates in an investigation or inquiry related to a complaint of aggressive behavior and/or bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.
