171.2 – Agenda Preparation and Dissemination

To accomplish its stated objectives, the Board will follow an annual agenda which includes continuing review, monitoring and refinement of policies, informational presentations with various community and staff groups, student performance data, and activities to improve board performance through education and enriched input and deliberation. The planning cycle will start each year in May with the Board's development of its agenda for the next year.

The Board will use a consent agenda to address routine items.
