

SCHOOL DISTRICT OF GREEN LAKE POLICY	811-Community Partnerships
	School-Community Relations

811 – Community Partnerships

The School District of Green Lake is committed to maintaining good partnerships with all community based governmental, business, educational, and service organizations. Representatives of these organizations will be encouraged to speak and participate in district and school educational programs including, but not limited to, the curriculum, extracurricular activities, performances and other special events. Students and staff members will be encouraged to participate in and support appropriate education-related activities of these organizations.
