Bullying

The Green Lake School District is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The District encourages the promotion of positive interpersonal relations between members of the school community. Green Lake School District provides the bullying policy and procedure in its entirety in the Student Handbook and is available on the school website.

Student Records

If a parent, guardian, or eligible student would like to request copies of or an amendment or deletion to a student record, they may do so by providing a written request to the building Superintendent. If you wish to have "directory information" (name, address, and phone number) of your child withheld from requesting parties, please contact your building principal within the first month of school. Access to student records conforms to state and federal laws and school board policy. Any adult student or parents of minor students who believe the district is not in compliance with the requirements of the Federal Family Educational Rights and Privacy Act (FERPA) may file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Meningococcal Disease

Public health authorities recommend that teenagers and college-bound students be immunized against a potentially fatal bacterial infection called meningococcal disease, a type of meningitis.

Meningococcal disease is a rare but potentially fatal bacterial infection that can cause severe swelling of the brain and spinal cord (meningitis) or a serious blood infection (meningococemia).

Meningococcal disease strikes up to 3,000 Americans each year; nearly 30 percent of these cases are among teenagers and college students. Up to 83 percent of all cases among teens and college students may potentially be prevented through immunization, the most effective way to prevent this disease. A meningococcal vaccine is available that protects against four out of five strains of bacterium that cause meningococcal disease in the U.S. The Centers for Disease Control and Prevention (CDC) and other leading medical organizations recommends that all 11-12 years olds should be vaccinated with meningococcal conjugate vaccine (MCV4). A booster shot is recommended for teens at age 16 to continue providing protection when their risk for meningococcal disease is highest. Teens who received MCV4 for the first time at age 13 through 15 years will need a one-time booster dose at 16 through 18 years of age. If a teenager missed getting the vaccine altogether, they should ask the doctor about getting it now, especially if they are about to move into a college dorm or military barracks.

Meningococcal disease is often misdiagnosed as something less serious because early symptoms are similar to common viral illnesses. Symptoms of meningococcal disease may include high fever, severe headache, stiff neck, nausea, vomiting, sensitivity to light, confusion, exhaustion and/or a rash. Teenagers and college students are at increased risk for meningococcal disease compared to the general population, accounting for nearly 30 percent of all U.S. cases every year. Meningococcal disease can be misdiagnosed as something less serious, because early symptoms like high fever, severe headache, nausea, vomiting and stiff neck, are similar to those of common viral illnesses. The disease can progress rapidly and can cause death or permanent disability within 48 hours of initial symptoms. Meningococcal disease is spread through direct contact with respiratory and/or oral secretions from infected persons (for example, kissing or sharing drinking containers). It can develop and spread quickly throughout the body, so early diagnosis and treatment are very important. Even with immediate treatment, the disease can kill an otherwise healthy young person within hours of first symptoms. Of those who survive, up to 20 percent may endure permanent disabilities, including brain damage, deafness and limb amputations. Lifestyle factors common among teenagers, college students and military personnel are believed to put them at increased risk of contracting meningococcal disease. These lifestyle factors include crowded living situations (for example, dormitories, sleep-away camps), active or passive smoking and irregular sleeping habits. Teens should avoid sharing eating utensils and drinking out of the same container, since infections may spread through this type of close contact.

Student Privacy

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Green Lake School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Green Lake School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Green Lake School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognitions lists
- Graduation programs
- Sports activity sheets, such as wrestling, showing height and weight of team players

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories unless parents have advised LEA that they do not want their student's information disclosed without their prior written consent. If you do not want Green Lake School District to disclose directory information from your child's educational records without your prior written consent, you must notify the District in writing by September 1, 2013. Green Lake School District has designated the following as directory information

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- The most recent educational agency or institution
- Dates of attendance
- Grade level attended.

Title 1 Program

Since Green Lake School District receives federal Title 1 program funds, the district has developed a parent involvement policy. It is the desire of the district to establish positive partnerships with fami-

English Language Learners

A bilingual-bicultural program is available to every identified student with a limited English proficiency. Parents/guardians of students with limited English proficiency must be notified no later than 30 days after the beginning of the school of the following: (1) Why the child was placed in the program; (2) the child's level of English proficiency; (3) how that level was determined and the status of the child's academic achievement; (4) methods of instruction in the program in which their child is placed and those of other available programs; (5) how the program will meet the educational needs of their child; (6) how the program will help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation; (7) the specific exit requirements for the program (8) in the case of a child with a disability, how the program meets the child's IEP objectives; (9) information about parents' rights. For a student not identified with limited English proficiency prior to the beginning of the school year, the district must notify parents within the first two weeks of the child being placed in such a program.

lies and the community. Everyone gains if school, home and community work together to promise high achievement for all students. To that end, the District shall provide a variety of opportunities for families and community to become involved in their children's education. Additionally, parents and/or guardians may request and obtain information regarding: (1) The professional qualifications of their child's classroom teachers, (2) the professional qualifications of paraprofessionals providing instructionally related services to their child. The above is available to parents of each student attending a school in the district and not just the parents of students participating in the Title 1 program. Parents will be notified if their child is assigned to, or taught for four or more consecutive weeks by a teacher who is not "highly qualified." This applies to all teachers, not just those who work in Title 1 programs. Parents will be given information on the achievement level of their child on each of the state academic assessments as soon as its practically possible after the assessment is taken.

Homeless

The McKinney-Vento Act defines homeless children and youth (twenty one years of age and younger) as:

- Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are: sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
 - ~living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations
 - ~living in emergency or transitional shelters
 - ~living in hospitals
 - ~awaiting foster placement.

- Children and youth who have a primary nighttime residence that is a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings.
- Children who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
- Migratory children who qualify as homeless because they are living in circumstances described above.

If you are personally aware of or are acquainted with any children who may qualify according to the above criteria, the Green Lake School District provides the following assurances to the parents of homeless children.

- The local district staff person (liaison) for homeless children is the building principal.
- There shall be immediate enrollment and school participation, even if educational and medical records and proof of residency are not available.
- All educational opportunities for homeless students, including unaccompanied youth, shall be the same as for the general student population.
- Enrollment and transportation rights, including transportation to the school of origin shall be possible. "School of Origin" is defined as the school the child attended when permanently housed or when last enrolled.
- Written explanation of why a homeless child is placed other than in a school of origin or school requested by the parent, with the right to appeal within the local dispute resolution process.
- Meaningful opportunities for parents to participate in the education of the children. These shall include: special notices of events, parent-teacher conferences, newsletters, and access to student records.

Student Attendance

In accordance with state law, all parents must cause children between 5 and 18 years of age to attend school unless the child has graduated, is excused by the school attendance officer or parent, or is enrolled in an alternative program leading toward graduation. The responsibility for monitoring and encouraging attendance is shared by the parents, schools, and the community. Students and their parents or guardians have a right to request the school board provide the student with program or curriculum modifications as outlined in section 118.15(1)(d) of the state statutes, and the decision-making process to be used in responding to such requests under section 118.15(1)(dm) and (e) of the state statutes.

Student Non-Discrimination

All students attending district schools shall be entitled to and receive the benefits of any educational program or activity of the school district. The district expressly prohibits discrimination against any pupils. This discrimination includes the person's sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical/mental/emotional/learning disability. Any student, district staff member, volunteer, or community member who believes that a pupil has been discriminated against, harassed, or stereotyped may file a written complaint with Ken Bates, Superintendent, 612 Mill Street, Green Lake, WI, 54941, (920) 294-6411 x 127 kbates@glsd.k12.wi.us. Upon receipt of that complaint, the superintendent will acknowledge receipt of the complaint within 45 days. Upon investigation, a determination will be made whether or not the complaint was substantiated and requires any corrective action within 90 days of the receipt of the complaint, unless parties agree to any extension of time. In the event that a complaint is received on a handicapped child, those complaints will be handled according to timelines established under Chapter 115 (Wisconsin State Statutes) and 20 USC s.1415 (Federal Law). Any complaints received under federal laws, commonly titled EDGAR Complaints, will be referred directly to the state superintendent. The superintendent shall notify the complainant of the right to appeal negative determination to the school board and/or to the superintendent and eventually to the State Superintendent of Public Instruction.

Electoral Registration Information

Per state law, principals of every high school shall communicate elector registration information to students.

Special Education Child Find Confidentiality

Green Lake School District is required to locate, identify, and evaluate all children, with disabilities, including children with disabilities attending private schools in the school district, and homeless children. The process of locating, identifying, and evaluating children with disabilities is known as child find. This agency conducts the following child find activity each year: Child Development Days and Kindergarten Screening. This notice informs parents of the records the school district will develop and maintain as part of its child find activities. This notice also informs parents of their rights regarding any records developed.

Special Education- Individual Requirements

Upon request, the Green Lake School District is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Plan (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district. A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made. Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides. Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Mary Allen, Director of Special Education, Green Lake School District, at 920-294-6411, or by writing her at 612 Mill Street, Green Lake WI, 54941.

Human Growth and Development Instruction

Parents will be provided with an outline of the human growth and development curriculum used at their child's grade level and information about how they can inspect the actual curriculum and instructional materials.

School Performance Data

The No Child Left Behind Act requires school districts receiving Title I funds to publicly disseminate district and school performance data. Much of the required information is available on the DPI Wisconsin Information Network for Successful Schools (WINSS) website. The school performance data can be found at <http://dpi.wi.gov.sig/index.html>.

Asbestos Law Compliance Notification

In compliance with the U.S. Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that Green Lake School District has an Asbestos Management Plan in the school administrative office. The plan is available for inspection by the public, parents, and district employees. The district conducts six month periodic surveillances of asbestos in November and April and full re-inspections every three years. For more information please contact the district office.

The Richard B. Russell National School Lunch Act requires the information on this application. You do not have to give the information, but if you do not, we cannot approve your child for free or reduced price meals. You must include the last four digits of the social security number of the adult household member who signs the application. The last four digits of the social security number is not required when you apply on behalf of a foster child or you list a FoodShare, W-2 Cash Benefits or Food Distribution Program on Indian Reservations (FDPIR) case number or other FDPIR identifier for your child or when you indicate that the adult household member signing the application does not have a social security number. We will use your information to determine if your child is eligible for free or reduced price meals, and for administration and enforcement of the lunch and breakfast programs. We MAY share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs, auditors for program reviews, and law enforcement officials to help them look into violations of program rules.

I am requesting a fee waiver/reduction, as identified above, based upon low-income status and/or other inability to pay. For purposes of verification of eligibility for the waiver or reduction (select **one** of the following):

For the exclusive purpose of determining eligibility for the fee waiver/reduction requested above, I authorize and grant permission to Green Lake District staff involved in making fee decisions to access and use the above-identified child's eligibility status with respect to free or reduced-priced meals (see important notice on the reverse side of this form).

I attest that the student is a homeless or unaccompanied youth, which can be verified in school records.

I will provide and attest to the truth of a written statement that identifies total household gross income (i.e. total income of all persons in the household who receive income, regardless of the source of the funds).

I am requesting a fee waiver/reduction based on other special circumstances that I believe demonstrate an inability to pay as required by Board policy. (NOTE: please attach any explanation/documentation) and that I would like to discuss with the principal or designee.

RETURN COMPLETED FORM TO DISTRICT OFFICE

It is the policy of the Green Lake School District to waive the payment of part or all of the student fees if the student or the student's parent or guardian demonstrates an inability to pay such fees (Board Policy 656 – Student Fees, Fines and Charges). For the purpose of this policy, it includes fees that are included on the annual fee schedule.

IMPORTANT NOTICE TO PARENTS/GUARDIANS REGARDING AUTHORIZATION TO ACCESS AND USE A STUDENT'S FREE AND REDUCED-PRICE MEAL ELIGIBILITY STATUS

Authorizing District staff to access a student's eligibility status with regard to federal free or or reduced-price school meal programs is one way that a parent or guardian may demonstrate eligibility for the fee waivers allowed under School Board Policy 656. You are not required to authorize this access. If you choose not to authorize this access, your decision will not affect the student's eligibility to participate in the District's school meal program or any other school program or activity. If you choose to authorize this access:

Only school district personnel directly involved in making the fee waiver eligibility determination will access the student's school meal eligibility status.

The only information that will be accessed in connection with making fee waiver decisions will be the District's records indicating that the student is either eligible, or not eligible, for free meals or for reduced-priced meals at school.

The student's free meals or for reduced-priced meal eligibility status will be used only to determine the student's eligibility for the fee waiver(s) you are requesting, and will not be disclosed to any other programs or entities.
