National Walk to School Day is observed on Wednesday October 10th. This is a day to get out and get some exercise while enjoying the weather. Walking is one of the best forms of exercise. It isn't hard on our joints and feet like running and jogging but still gives us all the advantages. The goal of this day is to raise awareness and support for the health, community and environmental benefits of regularly walking to school. Please join us at 7:15 am on the corner of Lake Street and South Street. Parents are welcome to walk with.

*We will be walking in honor of Lauree Renaud*
